

A Night with Sonoma Winemaker
Fred Scherrer
Benefiting Nationwide Children's Hospital's
Circle of Friends

Winemaking is more about what's in the bottle
... and less about who put it there

Since Scherrer Winery's first vintage in 1991, their goal has been to create handcrafted, full-flavored wines that express the personality of the unique Sonoma County vineyards where they are grown. Fred first became known for Zinfandel from his father's Alexander Valley vineyard, and now his careful hand with Pinot Noir from the Russian River and Sonoma County has quietly gained attention and a steady following. That same attention has made Chardonnay, Cabernet Sauvignon, and Syrah that exemplify the bounty of Sonoma County vineyards.

Join us at Sher Bliss Wine & Chocolates on May 13th, 2010 from 6:30 to 8:30 pm for this special evening of wine and food. Fred will be sharing his vast knowledge of wine and charming us with his great stories about the industry.

The cost is \$50.00 per person with \$35.00 of that going directly to Circle of Friends. Sher Bliss will be donating its facilities and food for the event.

So come out and enjoy a great evening with others who share your passion for wine and the well being of our children.

Call (614) 428-WINE (9463) to RSVP
